

Hello

I'm Jambong Ralpher Tebeck

Bokwai newlayout

Buea cameroon

(237)671545985

jambongralpher@gmail.com

Skills

Programming Languages

Rust (Advanced: ownership, borrowing, lifetimes, concurrency) • Python •

JavaScript (from backend web projects)

Blockchain & Web3

Solana Development • Anchor Framework • On-Chain Program Design (escrow, swaps) • Jupiter Aggregator Integration

Core Computer Science

Algorithms & Data Structures • Object-Oriented Programming • Systems

Programming • API Development • Full Software Lifecycle (Design → Testing → Deployment)

Tools & Technologies

Git & GitHub • VS Code • Linux/Ubuntu • JSON/CSV Data Processing • Backend Web Development (REST APIs, databases)

Soft Skills

Rapid Self-Learning • Problem-Solving under Constraints • Cross-Functional Collaboration • End-to-End Project Ownership

Experience

June 2023 - August 2023

Tekstadia, Buca – *Full stack developer Intern*

- Developed and maintained backend features for a restaurant web application serving a local business owner
- Built robust server side logic, api endpoints and database integrations to handle orders menu and user management
- Contributed to real world products used by customers, improving reliability and performance under guidance

October 2025 - present

Self-directed blockchain engineer

- Developed Pyrustpipe a hybrid python/rust library for high performance data pipelines
- Conceptualized a zero-volatility cross boarder remittance dapp on solana with rust and Anchor

November 2025 - January 2026

Hackathon participant and Builder

- Submitted solana prototypes to colosseum, Rust Africa and Neo genesis Hackathon
- Received inbound collaboration request from colosseum community

Education

September 2023 - December 2025

RHIBMS, BUEA – *Bsc in computer software engineering*

I studied for 3 years in Redemption higher Institute of biomedical and management science Buea with Gpa of 3.2

Awards

Best graduating Higher National Diplomat student in computer software engineering in Redemption Higher Institute of Biomedical and Management Science
